SUSTAINABLE MANUFACTURE AND DEVELOPMENT APPROACH

PRINCIPLES

The concept of “sustainability” is indispensable for the principles of existence of Gondol Plastic. It is the fundamental value which leads the permanence of the success in becoming the “immortal” brand.

RESPONSIBILITY

Gondol Plastic, commits to endure its existence in all its commercial activities spread over more than 80 countries worldwide; to act responsibly and ethically to employees, business partners, customers, suppliers and society and environment.

INNOVATION

With the purpose of presenting products that contribute to more spacious society, Gondol Plastic aims that all products in their life circle from design to production, from the stage of performance to destruction will be actively sector leaders and sustainable innovation.

LOW CARBON FOOTSTEPS

Gondol Plastic, commits to endure its existence in all its commercial activities spread over more than 80 countries worldwide; to act responsibly and ethically to employees, business partners, customers, suppliers and society and environment.

ACCOUNTABILITY

Approach of Gondol Plastic is to comply with all obligations regarding the laws and regulations in its all activities and provide further; and prove its liability through regular reports on its performance in a transparent and explicit form for its stakeholders, customers, business partners.

COMMITMENTS

With the philosophy of “sustainability”, the strong reputation of the Gondol brand is preserved, its operating competence and license are constant, profitability grows and all stakeholders are protected

SOCIETY

Gondol Plastic; to create value for its existence and to provide benefits have close positive relationships with local and global communities. On the basis of this is the commitment to the welfare and development of its employees and the support for social and humanitarian projects.

ENVIRONMENT

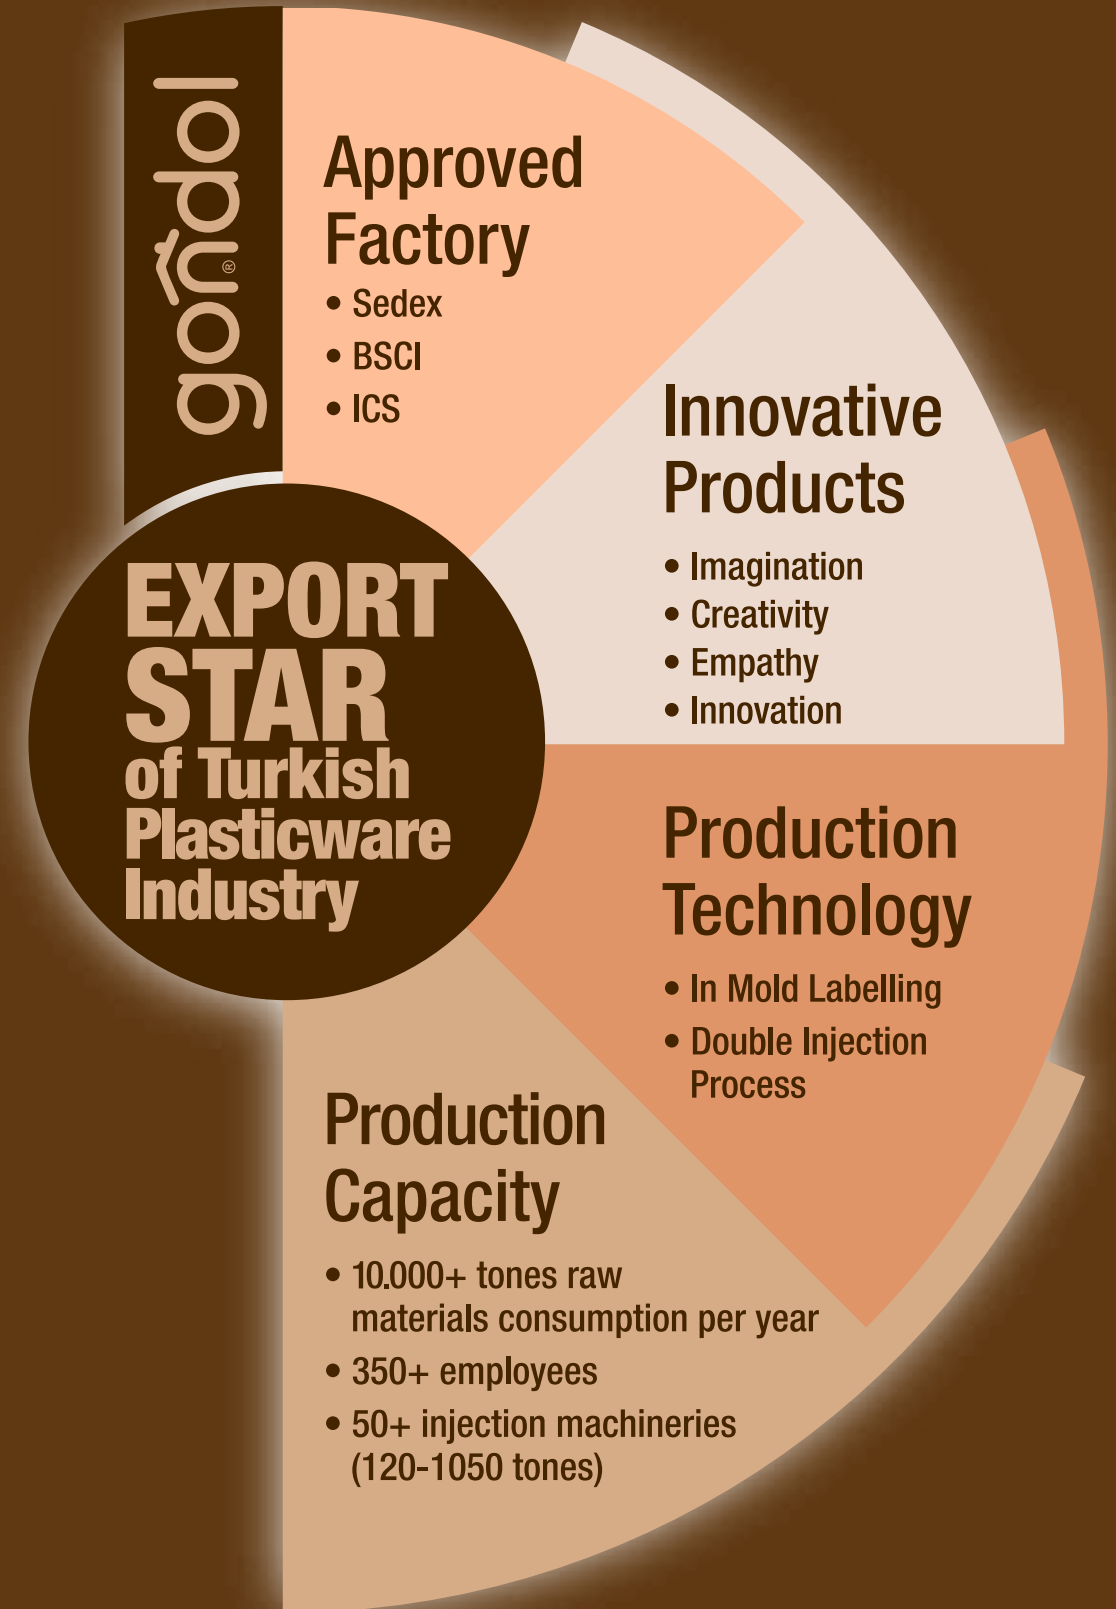

Gondol Plastic; By reducing emissions, protecting natural resources and optimizing the use of sustainable energy and materials, commits for continuous development for production process and environmental performance of products

CUSTOMERS AND PRODUCTS

Gondol Plastik declares its commitment to providing exceptional and functional products that meet the needs of its customers and to support transition to a society with a lower carbon footprint.

VENDORS

Gondol Plastic, during the supply chain, expects the most responsive behavior and the highest performance standards. Just and responsible business practices supports and always encourages cooperation in search of a sustainable solution
